

Cyprus 1963 Proofs Dispatched To Collectors

Demand Overruns Supply

THE Central Bank of Cyprus has announced that executed orders for proof sets dater 1963 are being dispatched to collectors. The size of most orders has been reduced by two-thirds. In some instances delivery is not expected till the latter part of 1965. NO ADDITIONAL ORDERS ARE ACCEPTED AND HAVE NOT BEEN ACCEPTED IN TWO MONTHS. On November 12, 1964, the Central Bank of Cyprus announced in a letter circular the "forthcoming issue of Cyprus Proof Coin sets to illustrate the new (1963 design) coinage of the Republic" (of Cyprus). Soon after, the new issue was oversubscribed and closed. The schedule of release seems to be as follows: 2,000 proof sets in presentation cases are being shipped in February 1965; an additional 2,500 sets in presentation cases and 500 sets in plastic packs to be shipped the latter part of 1965. The total issue thus will be 5,000 sets dated 1963.

In the same circular of November 12, 1964, the Central Bank of Cyprus announced its ordering policies:

"Priority shall be given by the Bank as far as possible to applications from individual collectors and numismatists. Normally, not more than three sets will be sold to any particular collector."

"The requirements of Coin Dealers and other applications for large quantities will be considered separately and the Bank's decision regarding the number of sets allocated will be communicated to the applicants concerned in due course."

"Though every effort will be made to satisfy the biggest number possible of collectors and dealers, the Central Bank does not undertake to supply the whole quantity required by any applicant."

Details of 1963 Cyprus proof coinage follow:

"Each set shall contain five proof coins in denominations of 100 mils, 50 mils, 25 mils, 5 mils and 1 mil, and will be available in two different types of containers:

(1) Presentation Cases:

Covered in green leathercloth, inscribed with the Coat of Arms of the Republic, with the coins nested in a velvet base. The Royal Mint's crest shall appear on the satin inside the lid of the case. The

size of the case is: 3 1/4 x 3 3/4.

Price: L3.5.0 per set (including cost of presentation case) plus forwarding expenses, if any. (Total cost per set including freight, U. S. \$9.80.)

(11) Plastic Packs: Transparent plastic container, sub-divided into six compartments, sealed for additional protection of the coins. The blank compartment shall be printed with the words "CYPRUS" and, underneath in small letters, "ROYAL MINT, LONDON".

Price: L3.2.0 per set (including cost of plastic pack) plus forwarding expenses, if any. (Total cost per set including freight, U.S. \$9.10.)

It appears from the foregoing that the Bank of Cyprus has made every reasonable effort to insure proper, equitable distribution of the set and to inform numismatic circles well in advance.

Reviewing the chronology of events:

1) The June 1964 issue, Vol 1, No. 6, of World Coins reported: "Cyprus proof sets of five coins . . . will be available June 1 at \$20 retail, according to Numorum Trust."

2) October '64 issue of World Coins first contained an ad for 1963 Cyprus proof sets advertised respectively at \$20 and \$17.50.

3) London's Crown Agents confirmed Cyprus issue in fall of 1964.

4) On November 12, 1964, the Central Bank of Cyprus announces the issuance of 5,000 proof sets dated "1963".

5) In the November '64 issue of "World Coins", Vol 1, No. 11, page 844, the 1963 Cyprus set was quoted \$20 in presentation case; \$17.50 in plastic case. Simultaneously in this same issue an ad appears for the sets respectively at \$70 and \$50 per two sets.

6) The February issue of World Coins shows the price of the 1963 Cyprus proof sets have advanced respectively to \$37.50 and \$27.50 for the presentation and plastic cased sets.

As of February 2, 1965, the Central Bank of Cyprus has sent out the following notices:

"With reference to the correspondence exchanged on the subject of Cyprus Proof sets, (1963), we have today dispatched to you under separate registered cover, (x) of these sets in presentation case.

"We regret we are unable at present to satisfy your full requirements owing to the great demand in relation to the small quantity produced. If you so wish, we could reserve for you (x) sets

of these coins to be delivered late in 1965.

"We shall be pleased if you let us know whether you would like us to reserve the above-mentioned number of sets or to refund the balance of your remittance."

7) Many contacted collector sources reveal having been cut back as much as 75 per cent on the size of their Cyprus proof set orders dated 1963.

8) Recent retail ads indicate the set is being offered at \$35.00 for future delivery — an initial 250% premium over offering price.

Once before, in 1955, Cyprus has issued proof coinage; the coins which make up the set are listed in Yeoman's Catalog of World Coins under numbers 35 to 39, housed in case, the set lists for \$25. In contrast, recent price trends list the 1955 set at \$51.00. Retail ads for this set suggest a \$65.00 price level.

Distribution Scrutinized

Based on polling and analyzing samples of correspondence with the Central Bank of Cyprus, the following random distribution of the proof sets appears likely:

Sets confirmed to approximately 5 to 10 major coin dealing interest here and abroad: Approx. 3,000 sets.

To more modest trade sources in smaller lots—approx. 1,500 sets.

To individual collectors in one or two sets lots approx. 500 sets. Total 5,000 sets.

Considering the great concentrations of volume and power in the hands of a few, the present price of \$35.00 appears high and when deliveries hit the market this price could naturally correct.

Careful negotiations with reputable dealers appear to be a must. In addition, no advance payment should be demanded from prospective buyers, since reputable dealers make it a practice to advertise only material in their possession. Coin collectors are not expected to finance dealers advertising and transactions, but rather are entitled to receive delivery upon payment.

CHOICE RARE COINS

1793 AU CHAIN CENT

No chain cent of any variety which has appeared on the open market in recent years can come within a full grade of this razor-sharp specimen. I suspect this was the plate coin used by Whitman to illustrate the variety "with periods" in your current Redbook. Superb! Details on Request \$4250.00

1797 PROOF-LIKE UNC. LARGE CENT

A superb specimen of Early Americana. Beautiful beyond belief. (Ex Helfenstein). Details on request \$875.00

1814 MINT-RED UNC. LARGE CENT

Another superb Unc. coin. This type of large cent (Turban Head 1808 1814) is VERY RARE when Unc. or BU, and is almost impossible to locate. Details on request \$1150.00

1794 S-41 LARGE CENT

Second finest known specimen, strictly XF (many would call AU) Ex - Slow \$495.00

1872 PROOF INDIAN CENT

From a recently auctioned renowned collection, where it was described as "Brilliant proof, superb iridescent toning." A Rare Coin \$475.00

1877 PROOF INDIAN CENTS

A brilliant mint red proof, beginning to fade to a beautiful deep iridescent. Choice and rare \$1375.00

1914-D BU CENT

A superb perfectly struck mint — red specimen just beginning to tone to dark red and chocolate. Exceptional and rare \$675.00

1873 TWO-CENT PROOF

Brilliant orange-red proof \$645.00

1877 SHIELD NICKEL PROOF

A choice brilliant proof specimen of this rare coin, which is of special interest because the coin shows evidence that the die had begun to shatter at the top \$995.00

1926-S BU NICKEL

There are two truly rare coins in a BU set of Buffalo nickels. The other one in the 1924-S. I have sold 2 of the 1924-S nickels for in excess of 3 times their \$250.00 Catalogue value, yet people continue to claim the 1926-S is rarer. This beautiful piece is quite attractively struck for a coin in the 1920's \$575.00

1916-D FROSTY BU DIME

A choice frosty BU specimen of a rare coin \$840.00

1821 GEM UNC. QUARTER

A superb, perfectly struck gem, beautiful beyond belief. Virtually no bag marks or blemishes of any sort mar this magnificent piece. I challenge any collector or dealer to duplicate this coin \$500.00

1916 GEM BU QUARTER

Unquestionably one of the finest and most perfect specimens in existences of this rare standing liberty quarter .. \$1095.00

1927-S BU QUARTER

An extremely rare coin of the standing liberty quarters. A well struck specimen for this series. \$550.00

BU SETS FOR SALE AND WANTED

Throughout modern numismatic history, these BU sets have proven to be the best possible kind of investment.

2 Great Rarities - Calif. Gold

In all my experience as a coin dealer, the round Calif. gold dollar ranks as a truly scarce coin. Almost every piece I have ever seen has been holed, soldered, looped, or just worn out. Friday I bought 2 proofs!!! Frankly, I'm flabbergasted! Any serious collector who seeks one of these coins and passes this opportunity because of price is simply displaying his ignorance.

No. 1 1871 ROUND CALIF. GOLD \$1.00

A brilliant proof specimen of Burnie No. 12 \$535.00

No. 2 1872 ROUND CALIF. GOLD \$1.00

An even sharper Proof specimen of the very rare Burnie No. 16. Probably no specimen will appear in the next ten years \$625.00

BU DOLLAR SPECIAL

During several years in the dollar business, I have at most had a handful each of BU 1883-S and 1884-S dollars. I think they are very scarce. Last week I bought one roll each of these dates, strictly BU. Better act while they are available!

Great Britain Proofs 1770 To Date

A Study In Distinctive Coinage

By: Christian F. Verbeke
Fellow, Royal Numismatic Society
REFERRING to the London Mint's proof coinage activities and concern with design, Sir John Craig, former Deputy Master wrote: "The conscious cultivation of numismatic art grew after the War of 1914-18. A standing Committee of leading artists and connoisseurs was set up in 1923 to advise the deputy on designs for coins and other products of the Mint."

In his pronouncement Sir John has not rendered sufficient justice to the some one hundred and fifty years prior which produced numerous British proof set issues of unparalleled beauty.

Although C. Wilson Peck in his monumental work entitled "English Copper Tin and Bronze coins in the British Museum 1558-1958" has described proof coins of Charles II, William and Mary, George I and George II, it is accepted practice in the U.S. to list British proof sets beginning with the 1770 issue of King George III.

To clarify the sometimes confusing distinction between proofs and patterns or both terms if used in conjunction, C. Wilson Peck notes: "A proof of a current coin is, strictly speaking, a first impression from the current dies struck with special care, usually on a specially prepared blank, but so far as the copper, tin, and bronze coinages are concerned, a number of the pieces here described as proofs do not really conform to this limited definition. While it is true that all the pieces listed as proofs were specially struck, many of them can only be said to approximate very closely to the corresponding current coins in the details of their designs. The proof halfpennies of Charles II and George II exemplify this; none was struck from dies identical with those used for the current pieces. The silver proofs of William and Mary, and George I, and most of the proofs of the Victorian copper and bronze issues, on the contrary, were struck from dies exactly as used for the current coins. It may be well to point out also that the pieces comprising the various specimen sets of coins first produced in George IV's reign could be more accurately described as 'specimen pieces' rather than as proofs, but as the latter term has long been applied to these pieces, it seemed best to retain it.

"A pattern is generally considered by the numismatist to be a piece bearing suggested designs for a specified denomination which was not approved, and the majority of those listed in this catalogue are of this kind. In practice, however, it is often very difficult to decide whether a piece should be regarded as a pattern or a proof. At the Mint, the above definition would most probably be quite unacceptable, for a piece originally struck as pattern, if ultimately adopted for currency, would remain a pattern in the eyes of the Mint official, but to the numismat-

ist, what was originally a pattern would become a proof of the issue!" (English Copper . . . etc. in the British Museum, London 1960, page XII.)

In the classification of English proof sets, a further distinction should be made between the "long" sets containing the gold issues in addition to the silver and copper issues normally contained in "short" sets.

1770 Copper Proof Sets George III

The complete copper proof set of this year contains the farthing and halfpenny (2 pieces) struck to illustrate to the first coinage of King George III. Although exact mintage is not known, the set is considered extremely rare; Peck prefers to consider it only rare and warns that "no genuine officially gilt proofs exist" and adds "current coins of 1770 and a copper proof of the same date occur gilded at a later date."

Recently a most attractive specimen of this non-cased issue was offered for \$250 by Empire Coin Co. This piece would tend to set the pattern for price trends.

1826 Proof Set George IV

This set was issued to illustrate the modified coinage design of King George IV and is found in a short version featuring the farthing, halfpenny and penny, or the eleven piece set containing the foregoing coppers plus the Maundy money, silver sixpence, shilling, halfcrown and crown. Known mintage is under 150 "long" sets. Peck states that "in 1826 a limited number of specimen sets of the coinage from the L5 piece down to the farthing were made available, in cases, for purchase by the public. In doing this the Mint was no doubt following the practice initiated by Boulton at Soho. The copper pieces in these sets, for this and the two following reigns, were turned out with a bronzed finish — again after the manner of Soho—but judging by the large number of these still in existence, they must also have been obtainable separately from the sets."

1831 Proof Set William IV

Issued in very limited quantity the set comprises the farthing, halfpenny, penny, Maundy money, sixpence, shilling, halfcrown, and the rare 1831 crown. Included sometimes are the gold 1 pound, 2 pound and 5 pound. The copper proof coinage is also offered separately.

Queen Victoria 1839 Proof Set

First Victorian proof issue con-

tains the famous young head crown of 1839 and 1839 gold five pounds. Sometimes offered as a complete set of 17 coins comprising all copper, silver Maundy and gold. Trends quote a set of this type \$4,500. In addition, individual Victorian proof coinages exist for selected years till 1866 in different denominations. Sometimes offered is the 1853 set.

Better known proof singles include the 1850, 1851, 1853, 1862 and 1864 silver halfcrowns; the 1847 Gothic proof crowns or the 1848 pattern proof "Godless florin" to name just a few.

1887 Proof Sets

Better known and systematically grouped Victorian proof set, although it does not contain the copper coins. It should be remembered that the Jubilee head design only applied to the silver and gold issues beginning 1887. Craig writes: "The Mint turned unprofessional and numismatic for the 1887 Jubilee". Elsewhere Sir John Craig states: "The Golden Jubilee of Queen Victoria seemed an opportunity for altering the coin patterns. New designs were sought by competition among artists with shocking results." Sir John's disgust with the 1887 design is obvious when he stresses: "for all obverses (Jubilee type), an Austro-Hungarian, Josef Edgar Boehm, was successful with a portrait of the Queen, in which she was made to wear like a pill-box the little crown that she had bought to escape the weight of full State regalia."

All 1887 presentation cases are allegedly unofficial, this does not prevent the set to retail for \$1,650 (silver and gold). A silver set offered separately brought \$600 in late 1964.

1893 Proof Set

New veiled head design, a major Victorian type. Usually offered containing the six silver denominations, three pence, sixpence, shilling, florin, half crown and crown. The gold half pound, one, two and five pound are added to form the ten-piece set. The six-piece silver set was offered late 1964 for \$600 by specialists Empire Coin Co.

King Edward VII 1902 Proof Set

The only Edwardian proof coinage ever issued. Offered in eleven pieces or long set (13 pieces) containing the gold two and five pound denominations. This set is very popular as a proof type.

King George V 1911 Proof Set

New design and first year of issuance, this set does not contain

the crown which was not issued till 1927. 1911 gold two and five pounds issued in proof condition only (2,812 struck).

1927 Proof Set

Better known of the George V proof sets containing the three-pence, Sixpence, shilling, florin and crown. Four of the six coins were struck in proof only, ie. 3d, 6d, 2½s and 5s, and make the set particularly attractive with a 15,000 set total mintage. It is estimated only 5,000 complete sets are known in existence today as the majority of sets and their coins found their way into circulation after issuance.

King George VI 1937 Proof Set

The complete set includes farthing, halfpenny, penny, Maundy set of four coins, silver three-pence, sixpence, English shilling, Scottish shilling, florin, half crown and crown. These coins were struck to illustrate the first coinage of King George VI. Total mintage 26,402 sets.

1950 Proof Sets

Containing the farthing, halfpenny, brass three-pence, sixpence, Scottish shilling, English shilling, florin and half crown. Quoting from the 1950 Royal Mint report: "Before 1950, specimen sets of the United Kingdom coinage had been issued only on the rare occasions of a change of Reign or on the introduction of a new series of designs. Experience had shown that these issues far from satisfied the demand, for the sets changed hands at a greatly enhanced price.

Apart from this a steady stream of enquiries was received from abroad, particularly America. Moreover, it was felt that some of the 15,000 British and foreign visitors who are conducted around the Mint each year would be pleased to have a suitable souvenir of their visit. Coin collecting is a popular hobby in the United Kingdom and Commonwealth, but apart from the rare occasions mentioned above no facilities had been offered to numismatists to acquire specimens of our coins in Mint condition.

During 1950, collectors were given an opportunity of acquiring specimen sets of nine Proof coins, comprising all the denominations currently issued from the half-crown to the farthing. The sets were struck from polished dies and were sold to the public, mainly through the agencies of coin dealers, at 12s 6d per set, packed in a cardboard case.

Eventually, the issue was limited to 17,513, which figure was certainly below the demand. The only occasion on which this number of sets had been exceeded was in 1937 upon the accession of King George VI, when 26,402 were sold. From the 1950 issue, this Department dispatched direct to the United States of America 2,350 sets and, in addition, further foreign orders were executed by coin dealers in this country."

(Continued Next Week)

Christian Verbeke Elected

At its January 20th meeting the Royal Numismatic Society c/o Department of Coins and Medals, British Museum, London, has elected Christian F. Verbeke a Fellow of the Society.

The Royal Numismatic Society was founded in 1836 as the Numismatic Society of London. In 1904 it assumed its present title and was granted a Royal Charter.

1957 and 1958 CANADIAN BU NICKELS

Compare Canadian BU Nickel Rolls

| DATE | Mintage in Millions | Price |
|------|------------------------|--------|
| 1953 | 17 | 240.00 |
| 1954 | 7 | 525.00 |
| 1955 | 5 | 255.00 |
| 1956 | 9 | 155.00 |
| 1957 | 7 | 170.00 |
| 1958 | 7 | 160.00 |

- The 1957 and 1958 nickels are lower in mintage than the 1953 nickels which are much higher in price.
- The 1957 and 1958 nickels at this moment according to their mintages have the price potential of \$525.00 per roll. (The 1954 nickel roll with the same mintage of 7 Million sells for \$525.00)
- The 1957 and 1958 nickels are extremely common in circulated condition. We estimate better than 98% of each date is in circulation which would leave only 2% or 140,000 coins of each in Uncirculated condition.
- The 1957 and 1958 nickels are extremely scarce in Uncirculated condition and the demand is much greater than the available supply.
- The 1957 and 1958 nickels along with the 1954 nickels has been the key dates in the first Queen Elizabeth series and this series has been completed in 1964. (A new design with a more mature portrait of Queen Elizabeth is being minted in 1965). When the U.S. Franklin Half Dollar series was completed in 1963 the 1955 Franklin Half Dollar soared from \$20.00 per roll to its present price of \$225.00 per roll.

The 1957 and 1958 nickels in our opinion will sell for at least \$550.00 and \$500.00 per roll within two years, and \$1100.00 and \$1000.00 per roll in the next 4 years. We offer CHOICE Brilliant Uncirculated rolls of 1957 Canadian nickels at \$170.00 per roll and choice Brilliant Uncirculated rolls of 1958 Canadian nickels at \$160.00 per roll. All rolls shipped in Tomlin plastic tubes (postpaid and insured). 5 day return if you are not completely satisfied.

1965 B. U. CANADIAN COINAGE

Canadian coinage for 1965 promises to be the best yet. The obverse of all coins has been changed and now portrays a more mature image of Queen Elizabeth. We have seen Canadian coinage become scarce and prices rise in the years 1963 and 1964. We suggest that you order now while our prices are low. Again we offer our Layway Plan for easy financing.

1965 PROOF-LIKE SETS \$10.00

WHY ORDER FROM THE DOWDS?

As the largest Canadian dealers in the States, we offer you a stock that is located in the States. When you order from us, there is no prolonged period of waiting for your merchandise to clear Customs, therefore no Customs fees. Also you do not have to take the risk of having your mint sealed bag opened at the borders.

In the long run it is cheaper and safer to become another one of the Dowds' satisfied clients.

Canadians please note our Canadian address. When shipping to our Canadian customers, we ship either Parcel Post or Rail Express from Montreal, again avoiding shipping between the countries.

|------|-----|
|------|-----|

Folks . . .

I've had a small misunderstanding with the Coin World newspaper and have pulled my ads for an indefinite period. I am now utilizing the advertising budget previously allotted to Coin World to reach you through this medium. For the past few weeks we have been trying Pace on a serious advertising program. Results have shown that you are reading our ads.

I have found that Pace buyers are conscientious and serious. Therefore I have put together in this four page foldout, a very conscientious and well programmed selection of choice, rare coins, rolls, proof sets, etc. Be sure to look over these four pages. You'll find whatever you need to fill your wants. If by some chance, I have missed your desires, please give me a call or drop a line and tell me what you want. I can't list every coin and roll I have, but we've tried to cover everything in at least a respectable representative listing.

I suggest you save this center section and compare prices. Whether you're an investor only, collector only or a smattering of both, I'm positive we can help you with your needs.

As this is only our third venture in PACE, I am going to give an introductory offer to all who have read my ad this week. All you have to do is order \$25.00 or more of any thing thing in the ad and I'll send you a free checklist to carry, if you mention you read my introduction. Give me a try and you'll be another of my numerous satisfied customers. Satisfaction is always guaranteed.

Remember, when buying or selling, contact Charles Slade III for a quote. My reputation for being fair is well known. Send your order and you'll be glad you did.

Best,

"Shotgun"

SILVER DOLLAR

1895 PROOF DOLLARS

No. 1. A superb flawless brilliant gem proof. This specimen is as brilliant as the day it was struck, and totally free of all blemishes and hairlines of every sort. Truly immaculate.

\$5350.00

No. 2. A second specimen, absolutely uncirculated and totally free of wear. Unfortunately, some clod used an eraser or other mild abrasive to clean the coin, and the beautiful proof surface is quite badly hairlined. A considerable portion of the original proof surface remains, however, and there are no bag marks or other imperfections. Needless to say, the piece is unquestionably genuine.

\$3650.00

DOLLAR RARITIES

1893-S BU DOLLAR

Only once in my experience as a dealer have I seen an 1893-S dollar equal to or better than this, and it had been purchased from B. Max Mehl many years ago. This piece is from my personal set. It is a frosty BU coin, very nicely struck, with full sharp breast feathers and hair detail. Bag marks are at a very minimum, and those few are so fine and tiny as to go unnoticed. Your inspection is invited!

\$4950.00

1880 over 79-CC BU GEM DOLLAR

This rare piece is outstanding in two respects. First, it is the finest, most perfect, blemish-free BU 1880-CC dollar I have ever seen. Second, it is the sharpest example of an over-date I have seen. The entire figure 7 is visible beneath the figure 8, and parts of the figure 9 can be detected in 3 places beneath the figure 0. Magnifique!

Space City Averages:

HOW THEY ARE OBTAINED

With close to 1,500 separate statistics appearing each week in PACE, a need exists to express this information in graphic form for busy readers.

We are currently charting eight different coin series each week as you see below. These charts are based on Space City Averages, an arbitrarily chosen group of rolls which we feel are representative of the total for that series.

To be included in the Space City Averages rolls are chosen on the basis of three factors: (1) their trading is constant, (2) they are widely held, and (3) they are indicative of the series.

It is obvious infrequently traded items, closely held items, and extremes in the series would not serve this purpose.

Each week the statistical staff of PACE prepares these averages from the information obtained on The United States Coin Exchange transactions.

The amount expressed in the Space City averages is the total market bid prices for the rolls included in the averages. This is a dollar figure and is compared with previous week, month, and year figures for analysis.

The high and low for 1964 is also shown.

Charts By Russell Brown

CENTS

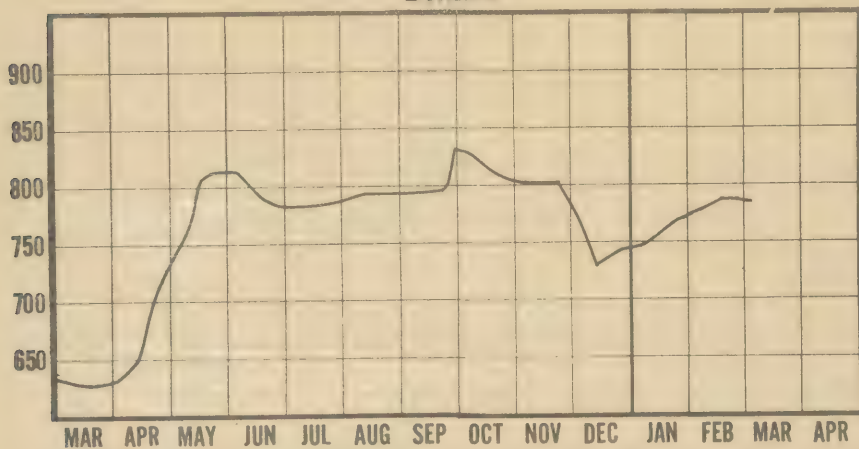

The following BU rolls were used in the calculation of the Lincoln cent averages: 1935-D, 1935-S, 1936-D, 1936-S, 1937-S, 1938-D, 1938-S, 1939-D, 1939-S, 1940-D, 1941-S, 1942-S, 1948-S, 1949-S, 1950-S, 1951-S, 1952-S, 1954-P, 1954-S, 1955-S.

NICKELS

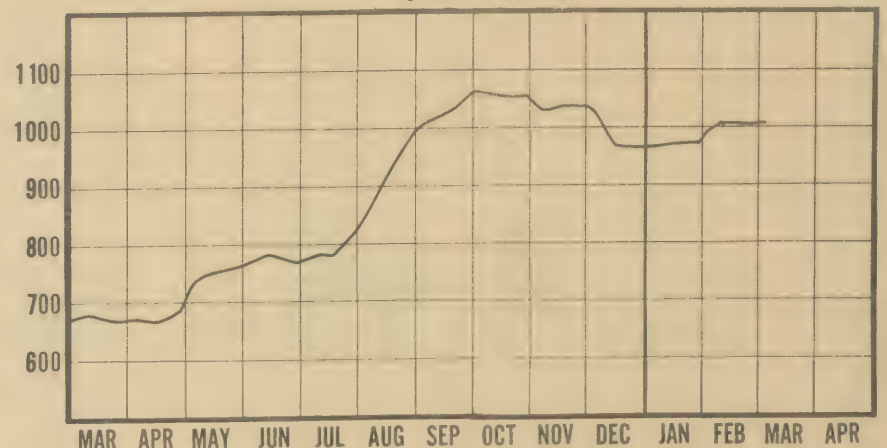

The following BU rolls were used in the calculation of the Jefferson nickel averages: 1938-D, 1938-S, 1939-S, 1946-S, 1948-S, 1949-S, 1950-P, 1950-D, 1951-S, 1955-P.

DIMES

The following BU rolls were used in the calculation of the Roosevelt dime averages: 1946-S, 1947-S, 1948-S, 1949-D, 1950-D, 1952-S, 1954-S, 1955-P, 1955-D, 1958-P.

QUARTERS

The following BU rolls were used in the calculation of the Washington quarter averages: 1946-D, 1946-S, 1947-D, 1947-S, 1949-D, 1950-S, 1951-S, 1953-P, 1953-S, 1954-P.

MARKET SUMMARY

March 3, 1965

by Richard Pevey

TWO series reached new heights this week. The Franklin halves moved up six dollars posting a new yearly high of \$2,231.00. This is the second week in a row that halves have moved past old yearly highs. Lincoln cents edged by their old high by gaining one dollar and showed a new yearly high of \$1,580.00. A one dollar gain was shown by the Washington quarters to match their yearly high of February 10, which was \$1,009.00. Last week Jefferson nickels lost eight dollars. This week the average slipped backward another nine dollars. Most of this backward movement may be attributed to the 1950-D roll which this week fell ten dollars due to three transactions. The only other major movement was a five dollar reduction in the Proof Set average.

The 1960-P Small Date roll lost five dollars for the second week running. The largest gain was two dollars by the 1952-S. In spite of this the Lincoln cent average posted a new yearly high for the first time in about four months.

In Jefferson nickels the 1950-D roll lost ten dollars and moved into the \$790.00 range. The 1955-P, another tough roll, posted a two dollar loss. All other gains or losses were of two dollars or less. However, the BU single sets of Jefferson nickels for the second week in succession quietly but firmly moved up two dollars.

Roosevelt dimes scored a one dollar drop in the averages. The largest reduction was a ten dol-

lar drop in the 1951-S roll. The 1946-S roll showed a slight gain of three dollars. All other changes were minor. A lot of offers to sell the early rolls appeared this week, that is rolls from 1937 to 1945.

Washington quarters showed a little spark and reached their old yearly high of \$1,009.00. No major gains or losses were recorded. All changes were in the two to three dollar level; upward six to one. Interest seemed to be limited to a few dealers in search of one or two rolls of a specific date.

Franklin halves took the lime light again this week with a six dollar gain in their average. The largest volume of trading was also recorded in this series. Advances were over declines five to two. The largest movement being four dollar increases by the 1948-D and 1953-P rolls.

Morgan Dollars, second only to the Franklin halves in volume of

trading, showed no change in their average. A ten dollar gain by the 1891-O roll and a ten dollar loss by the 1903-O roll help to balance things. There were more transactions and offers to buy in this series than we have seen in a number of weeks.

Proof Sets scored four losses and no gains to move the average down another five dollars. In the lead with the largest reduction was the 1955 set dropping two dollars. The remaining changes were three one dollar reductions by the 1950, 1953, and 1956 sets.

The circulated nickel rolls showed six losses and no gains while circulated dimes posted four gains and no losses. No change was over two dollars. Circulated halves stayed about the same. Washington quarters saw everyone in search of the 1932-D and 1932-S rolls or singles. The 1932-D circulated roll gained a solid \$100.00 followed by the 1932-S roll mov-

ing up \$200.00.

The Market Opinion

Some time ago the numismatic community was advised that the Royal Canadian Mint intended at some future date to again accept orders for 1965 Proof-Like sets. To say the least this information did momentarily cause some anxiety among investors who held a strong position in this market. Last year the U. S. mint anten later re-opened the ordering. There expected capacity was approximately three million. Let us suppose the Canadian mint can double its yearly expected production of some two million sets and produce approximately four million sets. The Canadian Mint does not intend to produce a 1966 set. They instead crank out more 1965 sets making an estimated total eight million sets. This would temporarily end the Canadian Proof-Like set series increasing the value of the 1965 set. The 1965 set would still be the only way one could acquire a desired amount of 1965 Proof-Like dollars. All this is to say nothing of that memorable period of time around January 1, of this year when some estimated 15 million orders were received by the Royal Canadian Mint. The numismatic community of collectors and investors, and only this community, can and will establish the price level at which the 1965 Canadian Proof-Like Set will be bought and sold.

Using Coins Listed In Space City Averages

HALF DOLLARS

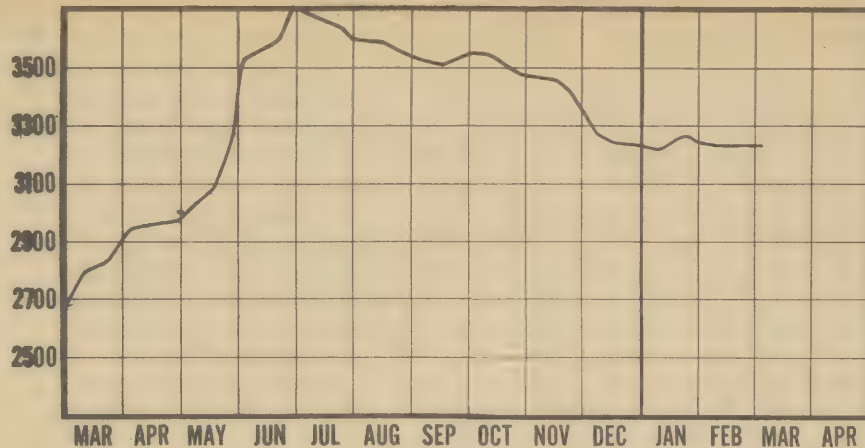

The following BU rolls were used in the calculation of the Franklin half dollar averages: 1948-P, 1948-D, 1949-P, 1949-D, 1949-S, 1950-P, 1950-D, 1952-S, 1953-S, 1954-S, 1956-P, 1957-P, 1958-P, 1959-P, 1960-P.

PEACE DOLLARS

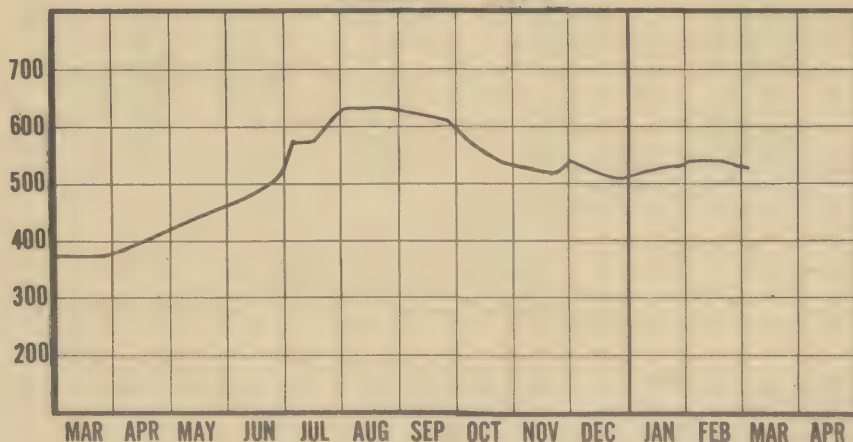

The following BU rolls were used in the calculation of the Peace dollar averages: 1922-S, 1923-D, 1926-P, 1926D, 1926-S, 1928-S, 1934-D.

MORGAN DOLLARS

The following BU rolls were used in the calculation of the Morgan dollar averages: 1878-CC, 1879-O, 1882-CC, 1883-CC, 1883-S, 1885-S, 1890-O, 1894-O, 1897-P, 1897-O, 1897-S, 1898-P, 1901-P.

PROOF SETS

All proof sets from 1950 to date, excluding the 1960 small date set, go to make up the proof set averages. The current year's set is added to the average on April first.

United States Coin Exchange Transactions

BU Roll Prices as of
WEDNESDAY, MARCH 3, 1965

These bid and asked prices, from the United States Coin Exchange Inc., do not necessarily represent actual transactions. They are a guide to the range within which these coins

could have been sold (indicated by the "bid") or bought (indicated by the "asked") at the time of compilation. Price changes are obtained by comparison of weekly bid prices.

Prices are wholesale quotations compiled from the United States Coin Exchange teletype system which serves 285 coin dealers across the country.

Are You Groping In The Dark?

ARE YOU INVESTING YOUR
MONEY IN COINS WISELY??

THE RESULT OF MY 23 YEARS OF INVESTING, BUYING,
SELLING, TRADING AND RESEARCH IN NUMISMATICS CAN
NOW BE YOURS FOR ONLY

\$10.00 per year

For My Monthly INVESTMENT POTENTIAL BULLETIN

For the above small sum you will receive my PERSONAL monthly INVESTMENT POTENTIAL BULLETIN. Twelve monthly "BULLETINS" in all, starting at once upon receipt of your check. Each "BULLETIN" will be AIRMAILED to you on the 1st of each month.

Each coin INVESTMENT POTENTIAL BULLETIN will contain the dates, description, history, data and all information and advice necessary on the coins having the GREATEST INVESTMENT POTENTIAL.

It is Highly Possible That Each "Bulletin" Can Make You A Fortune! !

In most cases I can advise you WHERE to buy the coins selected, or, where to SELL the coins I may advise against holding. Hence, a TWO-FOLD SERVICE.

The coin selections and predictions are determined ONLY after intensive research, study and investigation as to their EXCEPTIONAL INVESTMENT POTENTIAL have been ascertained.

The selections are preferably COMMEMORATIVES, SINGLES, SETS, UNC. & PROOF COINS IN U.S. OR FOREIGN. Definitely the "cream of Numismatic Investing."

"HITCH YOUR WAGON TO A POTENTIAL WINNER." Stop guessing! Stop wasting time and money! START YOUR SUCCESSFUL COIN INVESTMENT PROGRAM AT ONCE by sending in your \$10.00 check TODAY!
